VII. Guests/Comments
A citizen asked Commissioner Jones about his feelings regarding the Courthouse.
Commissioner Jones replied that three meetings were held regarding the Courthouse and that he only had a conceptual plan. There were three items brought up during SPLOST meetings in regard to the Courthouse:
1. Tear down and return back to the 1947 building design.
2. Remodel the courthouse and add parking deck
3. Relocate courthouse to another site
Commissioner Jones said that the only ones who showed up for the meetings were the business owners from downtown. The opinion from the meetings was to remodel the courthouse and add a parking deck. They want the courthouse to stay there and that is what we put on the ballot. He said there has never been a complete set of plans for the Courthouse because he didn’t want to spend $8,000 to get a complete set of plans and nobody know what is going on. Now there is a committee established to come up with a proper set of plans for what we want to do for the courthouse as long as the outside stays pretty well close to what the visual concept is. The vote for the courthouse was site specific. County Attorney Phil Landrum stated that the option to relocate the Courthouse is not available. The SPLOST dollars have to be spent to remodel the courthouse as was stated on the ballot.
Commissioner Jones stated that the County Attorney would be at the next Courthouse Advisory Commission Meeting to answer questions. Dr. Sanford Chandler along with Tom Eubanks will be chairing the meeting.
Commissioner Jones responded to a question regarding the Emergency Management Ordinance (Item 4 under the Consent Agenda). The Ordinance is to bring Pickens County Emergency Management operational procedures up to standards regarding tornadoes, and other disasters. We were lacking in this but with the new Fire Chief are trying to get the County up to state standards.
Commissioner Jones answered a question from a citizen regarding the TAN. It was sent out for proposals to get the best deal. Normally at this time of year we go ahead and issue a TAN notice and then a lot of times we don’t use it. Our fiscal year ends December 31, 2008 and the State has sent us notice that the Homestead Exemption Tax money may not be available to us until May. We do not start paying interest on the $2.5 million. We only borrow from the TAN if we need to. It is a Tax Anticipated Note.

VIII. Adjournment
Commissioner Jones adjourned the meeting at 4:17 p.m.
