VI. Finance Report / Audit Report
CFO Faye Harvey gave a brief Finance Report stating that the May 2016 Financial Report reflects five months of the 2016 fiscal year. Expenditure budgets should be 41.7% or less. General Fund revenue collections for the period ending May 31, 2016 total $5,024,834 or 21.09% of the amount budgeted. General Fund expenditures through May 31, 2016 are $9,151,865 or 38.41% of budgeted amounts. Overall, expenditures are 3.29% under budget.

Beth Grimes of Bates, Carter & Co., LLP acknowledged that this is the third year they have performed the Audit and it has been nice working with everyone. She presented the Auditors’ Report on the Financial Statements for year ended December 31, 2015 to the Board. She stated that the main focus was on the General Fund. A “Clean Opinion” was issued saying that
financial statements are presented fairly with generally accepted accounting principles. Internal controls were tested to ensure controls are effective. Findings related to internal controls are in the report and recommendations were issued to Probate Court and Magistrate Court. Included in the Financial Statement Audit: All departments, funds and elected officials; Development Authority as of December 31, 2015, and relied on another independent auditor’s report for the Department of Public Health as of June 30, 2015. Ms. Grimes reported that revenues exceeded expenditures by $589 thousand; Revenues increased 13% from prior year; Overall revenues under final budget $259 thousand – Intergovernmental (Grants). Expenditures remained in line compared to 2014 expenditures and overall expenditures were below final budget $848 thousand. SPLOST: Collected $4 million in revenues and $3.4 million was spent during 2015 for various County Projects. Long-Term Debt is 1.9 million. She said to be proud our debt is low – it demonstrates strength. The average debt for counties of similar size is $9.6 million on average. GASB Statement No. 68 – Accounting and Financial Reporting for Pensions – effective for fiscal year 2015 – Pension liability accrued at the entity wide level for the first time. Net pension liability as of 12/31/2015 was $2.7 million. Ms. Grimes stated that we have a healthy pension plan. She also said that eventually she would like to see the county use the taxes collected in December to fund the upcoming fiscal year rather than the previous year. Ms. Grimes said it would take $7 million in contingency funds to achieve the goal. Commissioner Denney asked her how long it would take to get to that point. She said we still have a ways to go but could look at where we are at the end of next year. Ms. Grimes commended Mrs. Harvey for her hard work. The Audit report will be placed on the county’s website – www.pickenscountyga.gov.

County Extension Agent Rachel Wigington informed the Board that Georgia 4-H has offered Pickens County Extension the opportunity to have an Americorps position in their office. This would be a part time (17-18 hour/week) person who would be working with her as a 4-H assistant. The contract is only for one year which runs from September 2016 – August 2017. Americorps or Georgia 4-H State Staff would fund the majority of the position. They are asking the county to provide $1,200 for the full year. Also some parents drop them off for the entire day – and some have no lunch or money for the snack machines. The liability is huge for the County. The Community Center doesn’t have an after school program, but the Boys & Girls Club has opened and they have after school programs. There is a place for them to go. He said that they want the children to come to the community center but those under 16 have to be supervised. The policy states: No youths younger than 16 years of age will be permitted at Roper Park without adult supervision.
