Inspection Comments

This report is in response to a complaint that stated cats without food and molded food in cages and a sick cat that was not vetted. I was accompanied today by Supervisor Mike Lurey. Present during this inspection was Shelter Director Jerry Watkins. We inspected the facility and found enclosures to be clean and all dogs and cats had fresh water and food. Vet records on the cat in question were on file and this cat was showing it had been under veterinarian supervision. We discussed record keeping and records were inspected and found current. No violations observed at this time of inspection.

I am at the above facility for a routine inspection and accompanied by Supervisor Mike Lurey. There are 56 cats at the facility today and 31 dogs. All indoor and outdoor enclosures are clean and all pets have access to food and water. Euthanasia is administered by a vet. No euthanasia drugs are kept at facility. Storage rooms are clean. Incoming and outgoing records are current and all record keeping is current. This facility passes all requirements for their Shelter License.
